Mr. Roy Morris, Industrial Secretary
Newark Urban League
58 West Market Street
Newark, New Jersey

Dear Mr. Morris:

Many Negroes in the Metropolitan area have been engaged to do personnel work as a result of manpower demands and proper relations between employers and employees both in firms and the United States Employment Service. It has occurred to some that an organization enabling a central meeting place and periodic round table discussions of current problems would be helpful.

Accordingly, a meeting has been called for Tuesday, May 2, 1944, 8 p.m., at the New York Urban League, 204 West 136th Street, New York City, when plans for an organization will be discussed.

Since you have been suggested as an interested person, will you indicate on the enclosed card whether or not you will attend this initial meeting.

Sincerely yours,

George E. DeMar
George E. DeMar
Industrial Relations Secretary
